1,437 Channels • 48 Movies • 23 Drama Series • 1,264 Episodes

Prepared for franchise enquiries — November 2026

Inside This Catalogue

This catalogue lists the complete SN Plus TV offering exactly as it appears in the live SN Plus TV service (snplustv.com) on 24 November 2026: every TV channel, every news channel, every drama series and movie, and every radio station — from the first entry to the last, in channel-number order. A Channels by Country part at the back (page 68) regroups the same channels by home country, so each market finds its own channels at once.

TV Channels	1001 channels — entertainment, music, sports, movies, documentary, kids, religion and more · page 4
News	306 news channels, plus 70 international news feeds (numbered IN-1 to IN-70) · page 44
Drama Series & Movies	23 drama series (1,264 episodes) and 48 movies · page 59
Radio	130 live radio stations · page 62
Channels by Country	1132 channels grouped under 70 countries · page 68

How to read this catalogue: the burgundy number before each name is the channel number in the SN Plus TV app and on snplustv.com (open any channel at snplustv.com/channel-detail.php with its number). Series and movie numbers are their catalogue numbers in the app library. SN Plus TV is a 16+ service. The SN Plus TV+ box (cover) delivers the full service — 1000+ channels, drama series and FM radio — on any television.
